Annually Registered Motor Vehicles

Motor Vehicles may be included as a portion of the property acquisitions for the Calendar Year 2014. Due to the manner in which Annually Registered (tagged) vehicles are listed and assessed throughout the calendar year, you will need to provide a list of the vehicles you owned on January 1, 2014 and January 1, 2015. This listing will allow for the determination of the change in net taxable value of vehicles. Vehicles that were both acquired and disposed of during the calendar year do not qualify and should not be reported on this form. Do not include IRP plated vehicles on this form, they should be shown on Form SBIG-2.
